Family Are Here

"Share these thoughts with me" is the message of the carefully chosen book sent to a friend; and the subtlest incense of friendship is thus conveyed between the covers.

Whether humor, pathos, a human story full of heart-throbs, yuletide cheer or the inspiration of the world's greatest poets and philosophers, no gift more personal and intimate than a Book; none that ministers more to understanding friendship.

The Miller & Rhoads Book-Shop shows the Books of to-day, yesterday and of all the years, suitable for interchanging between friends at Xmas time.

Extra selling space in the department—Basement.

Children's Books and Holiday Stationery in Basement and at special booth on Main Floor.

The Pleasure of Gift Buying

will be greatest, and your selections most satisfactory, if you shop in the early morning hours, say from 8 to 10:30 or 11 o'clock. No troublesome jostle to hinder the trading or moving about through the various sections then, merchandise is in order, and clerk service is more personally attentive and satisfactory.

With time to select deliberately, your gifts will reflect your own taste and individuality, and each token can be chosen with thoughtful consideration of the personality and environment of the friend for whom it is intended.

There are many good reasons for Morning Shopping this last week of the Xmas season.
